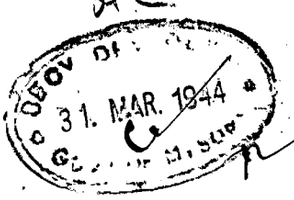
OFFICE OF

the Director of Industries and Commerce in Mysore, Bangalore,

No. BI-144/42-43.
Encls. One.



Date 30th March 1944.

To

Charles E. Noronha, Esq., M.A.,
Secretary to the Government of Mysore,
Development Department, BANGALORE.

Sir,

Subject:- Continuance of the School at Babbur for training Banajara students in weaving Dyeing and etc. during 1944-45.

With reference to the G.O.NO.D ~~2037-8~~ 6404-5/I&C 449-42-2 dated 29th ~~September~~ March 1943, sanctioning the continuance of the above school till the end of June 1944, I have the honour to enclose herein a copy of the report NO.1299 dated 18/20-3-1944 of the Textile Superintendent of Shimoga Division, furnishing a report of work done in the school during the current year and requesting sanction to continue the school during 1944-45 for the reasons stated

2. As will be seen from the Superintendent's report there are 12 students under training in the school; in weaving, dyeing and printing and tailoring classes. As the educational qualifications of the students are very low, they require one more year's training to learn the arts perfectly. The following is the estimate of expenditure proposed to be incurred during 1944-45:

	Rs. a. p.
1. Scholarships for 8 students @ Rs.5/-p.m. for 12 months.	480-0-0
2. One Weaver @ Rs.20/- p.m. for 12 months.	240-0-0
3. One Tailor @ Rs.20/- p.m. for 12 months.	240-0-0
4. Allowances to Dyeing Instructor- @ Rs.20/- p.m. for 12 months.	240-0-0
5. Raw materials such as Dyes, yarn and chemicals.	500-0-0
6. Contingent expenses @ Rs.2/- p.m. for 12 months.	24-0-0
7. Miscellaneous & unforeseen expenses	50-0-0
8. Construction of a shed for holding demonstrations.	500-0-0
Total:	2,274-0-0

P.T.O.

3. An extra provision of Rs.940/- has been asked for the next year for the following reasons:

1) The provision for scholarships made is @ Rs.5/- per head against Rs.3/- sanctioned during the current year in the 1st instance. Government have since sanctioned the enhancement of the same from Rs.3/- to Rs.5/- (vide G.O.No.D.5477-8/I.&.C. 334-43-2 dated 25-2-1944) The number of scholarships is also increased from 6 to 8.

2) As the present accomodation is inadequate to conduct demonstrations, the constructions of a shed at a cost of Rs.500/- has been provided for.

3) The pay and allowances to the Weaving, tailoring and dyeing instructors are proposed to be raised to Rs.20/- on account of frequent representations from them for increased emoluments owing to the abnormal rise in the cost of living. In regard to the Dyeing instructor, sanction for the continuance of his services till 30-6-'44 has been applied for in this office letter of even NO. dated 26-1-'44. Sanction for continuing his services during 1944-45 may also be kindly accorded. The extra cost of Rs.940/- proposed is therefore modest in view of the above reasons.

4. I therefore request that sanction of Government may kindly be accorded to the continuance of the school during 1944-45 at the estimated cost of Rs.2,274/-. The amount is debitable to the Rural Industries grant of the Department for that year under "28 I.&.C.(4) Demonstration and Experimental works (iv) (b)".

I have the honour to be,
Sir,
Your most obedient Servant,

M. L. Narasimhan
Director.

BNG.3:

Copy of letter NO.1299 dated 20-3-1944 from the Textile Superintendent, Shimoga Division to the Director of Industries and commerce in Mysore, Bangalore.

Subject:- Continuance of the Training School for the Banajara People at Babbur till the end of June 1945.

With reference to letter NO.B1-144 dated 18-2-44 on the above I have the honour to state that there are twelve students under training in the arts of weaving Dyeing Printing and Tailoring As most of the students could hardly read or write the training is being imparted with a little difficulty, Owing to this, the production of grey cloth necessary for printing dyeing etc was quite low. But demonstrations were carried on with the cloth supplied by a leading gentleman of the place Mr. Jathre Naik The cloth so dyed and printed was about 100 yards in length and was liked by all the people of the Banajara community as it suited to their taste and pattern.

To impart printing of various designs patterns on the cloth orders for the manufacture of blocks were placed with one of the block makers in Bangalore and they are executed. The required dyestuffs etc in this behalf are also secured.

The students under training are quite progressive but require at least a year more to achieve perfectness in the various arts particularly in novel printings of various designs.

The present premises of the school is too small to accommodate the conduction of various demonstrations now held at different places for want of space. It would be quite convenient if a shed is constructed at the centre at a cost of Rs.500/- so as to hold them in a common place. This was discussed in person with your goodself as per letter NO.B1-144/42-43 dated 10-3-44 and was instructed to include this item while submitting the proposal for the continuance of the school.

Under the circumstances stated above I am of opinion that if the school be continued for another year it would be possible to impart complete and successful training to the students who can with every advantage earn their living. In this connection I beg to state that the allowances of the weaving Tailoring and Dyeing instructors be raised from Rs.15/- to Rs.20/- as they are repeatedly representing their grievances to maintain themselves with Rs.15/- in these hard days.

I have here under submitted the detailed approximate statement of expenditure that will be incurred during the year commencing from 1st july 1944 to end of June 1945.

1. Scholarships for 8 students at Rs.5 p.m. for 12 months. 480-0-0

2. One weaver at Rs.20/- p.m. for 12 months 240-0-0

p.t.o.

3.	One Tailor at Rs.20/- p.m.for 12 months.	240-0-0
4.	Allowance to a Dyeing instructor @ Rs.20/- p.m. for 12 months	240-0-0
5.	Raw materials such as dyes yarn and chemicals.	500-0-0
6.	Contingent articles for 12 months at Rs.2/- p.m.	24-0-0
7.	Miscellaneous and unforeseen charges for 12 months	50-0-0
8.	Construction of shed for holding demonstrations	500-0-0
	Total:	2,274-0-0

About Rs.100/- spent on Raw materials is realisable.

The extra amount of Rs.940/- shown in the statement as against the originally sanctioned amount of Rs.1,334/- is due to the enhancement of allowances and rawmaterials and the erection of a shed, and enhancement of scholarships.

Solicit kind approval and sanction of the Government in the continuance of the school till the end of June 1945. Soon after the demonstration is completed the whole temporary shed may be transferred to any of the centre wherever it is required.
